Bring Healthier, Better Lives

CARBOEXPERT

Bio venture developing anti-allergic medicine materials with innovated technology

As a science-based innovation company, CARBOEXPERT INC.,
It is an R&D company that develops medicinal materials that improve the quality of human life.

By discovering safe and excellent physiologically active substances derived from nature,
We are developing new functional materials for medicines, cosmetics, and health functional foods.

Anti-allergic/anti-inflammatory, immune function regulating natural medicinal materials, etc.
We operate the derma cosmetic brand 'THERAPHYTOABEL'.

THERAPHYTOABEL
Advanced Bio Derma Skincare

Advanced Bio Derma Skincare

THRAPHYTOABEL, a more advanced bio-derma skin care with bio science

Skin is made with science, not emotion.

Healthy skin starts with functional ingredients whose efficacy has been verified.

THERAPHYTOABEL is an advanced biotechnology based on medicinal materials and pursues efficacy beyond the existing ones.

Based on numerous skin experiences and technology,
we focus on the natural power of the skin.

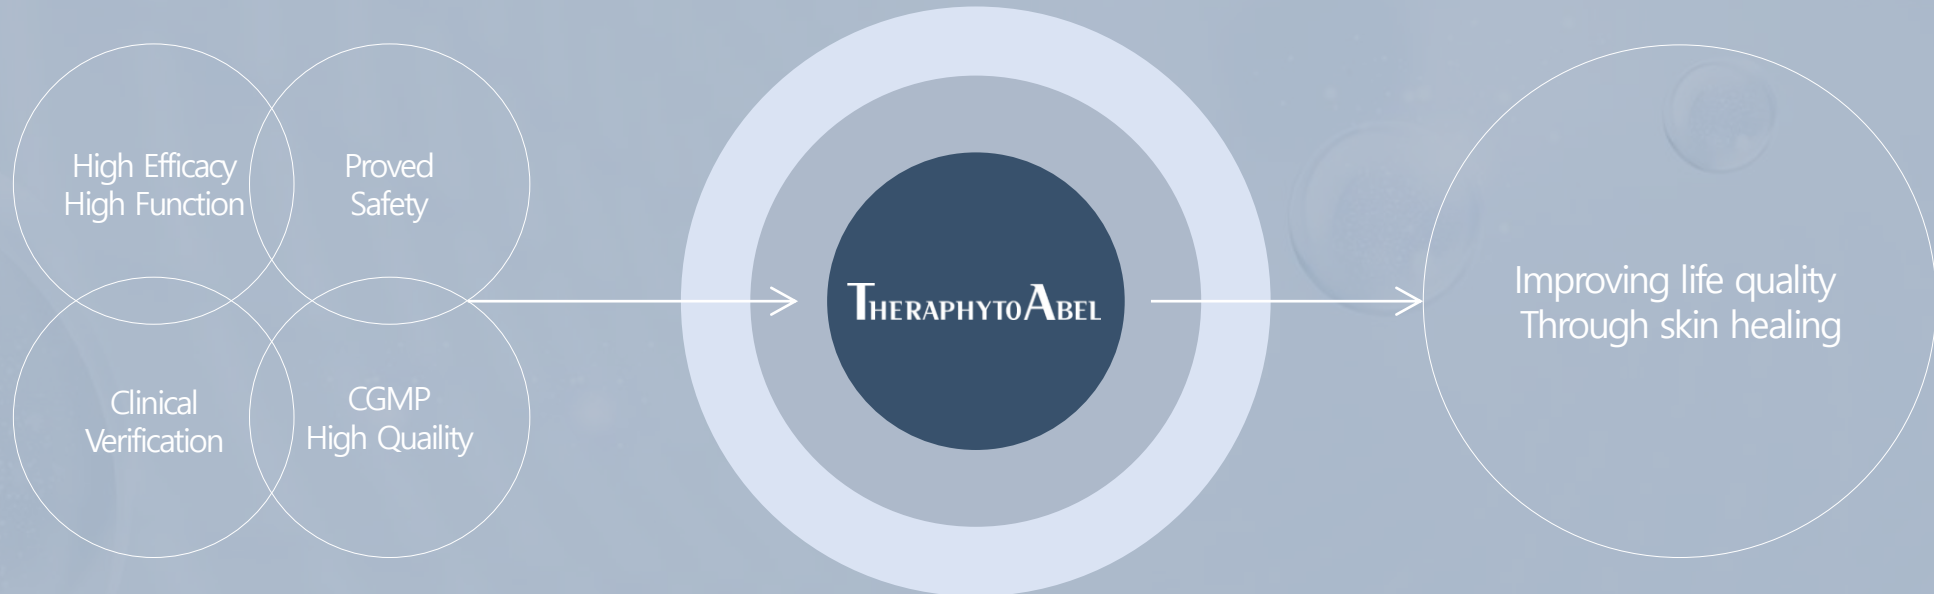

Solving skin problems caused by various harmful environments

We propose bioderma skin care that restores the skin's own healing function.

Brand Story

Based on high-efficiency/high-functional raw materials whose safety has been proven, they are produced in high quality in CGMP facilities, and products whose effectiveness has been verified through rigorous human application tests at an inspection agency designated by the Ministry of Food and Drug Safety.

With the goal of improving the quality of life through skin healing, we aim to become a brand that solves skin problems together and provides healthy skin and a better life in a deteriorating harmful environment.

R&D

We present only products whose efficacy and safety have been verified through a close R&D network with university hospitals, dermatologists, formulation experts, and other experts in each field. For healthy skin, we identify various needs and conduct research specialized for each problem to develop cosmetics with optimal solutions.

Main Ingredient

Stronger than CICA

Syzygium formosum leaf extract

Exclusive patented ingredient
for improving sensitive skin

Anti-inflammatory

Anti-bacterial

Anti-allergy

Antioxidant

Anti-atopy

Skin regeneration

Medicinal plants that live only in tropical regions full of vitality
It is rich in phytochemicals that are higher than *Centella Asiatica*,
so it has excellent skin soothing, regenerating, and anti-inflammatory effects.

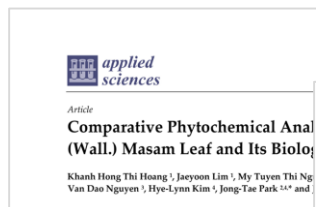

We continue to research changes in active ingredients depending on the harvest time
and collection site of *Syzygium* leaves to ensure that the active ingredients are
consistently added to our products at high concentrations.

Efficacy

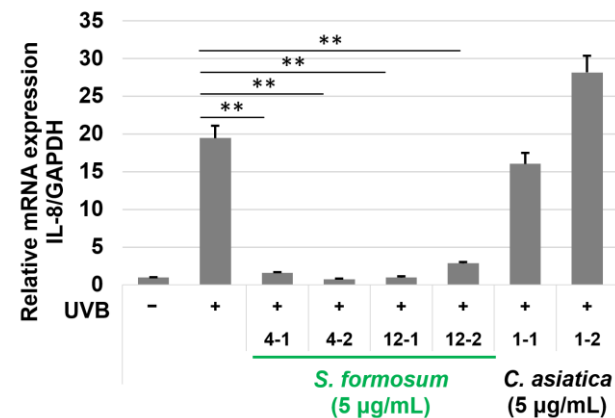

- + 4 times higher the skin soothing active ingredient
 - + 3 times higher asiatic acid for skin damage improving
 - + 3 times stronger anti-inflammatory
 - + 8 times stronger antioxidant power
- than CICA

Property

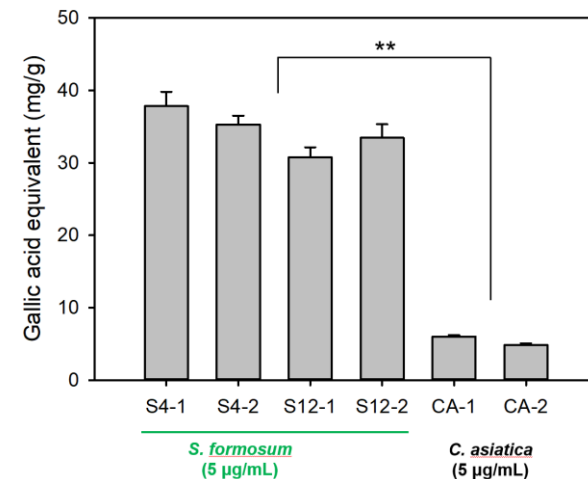

- + Obtained Nagoya Protocol license for commercial use for the first time in Korea
- + Antibacterial/anti-atopic patent
- + The world's first international cosmetics raw material collection (ICID registration)
- + Published three papers in international famous journals (SCI level)

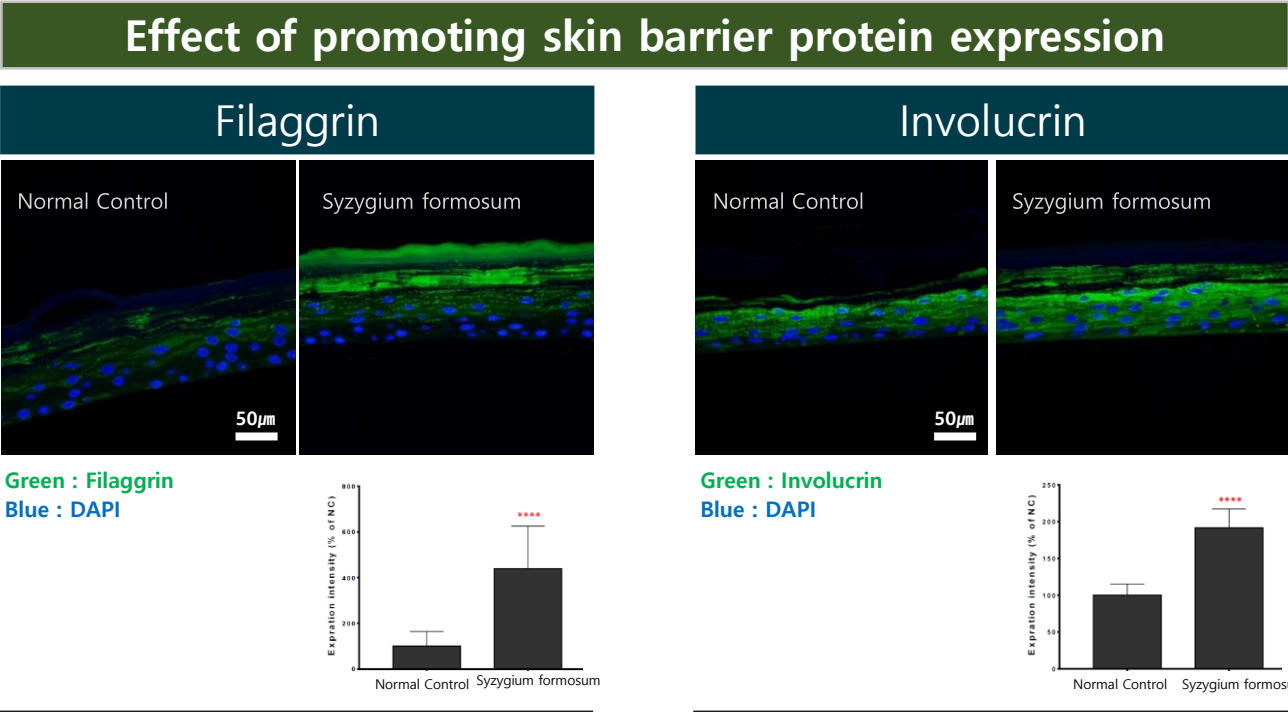

Anti-Inflammatory effect

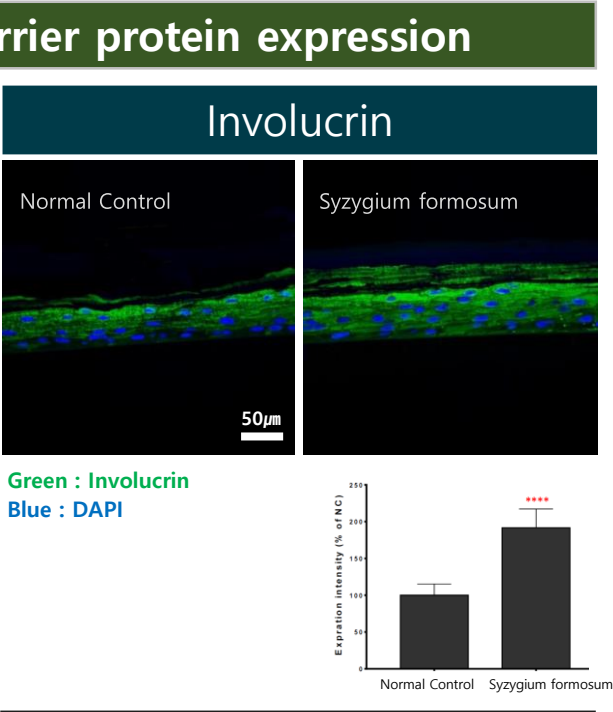

Comparison of Anti-Oxidative Power

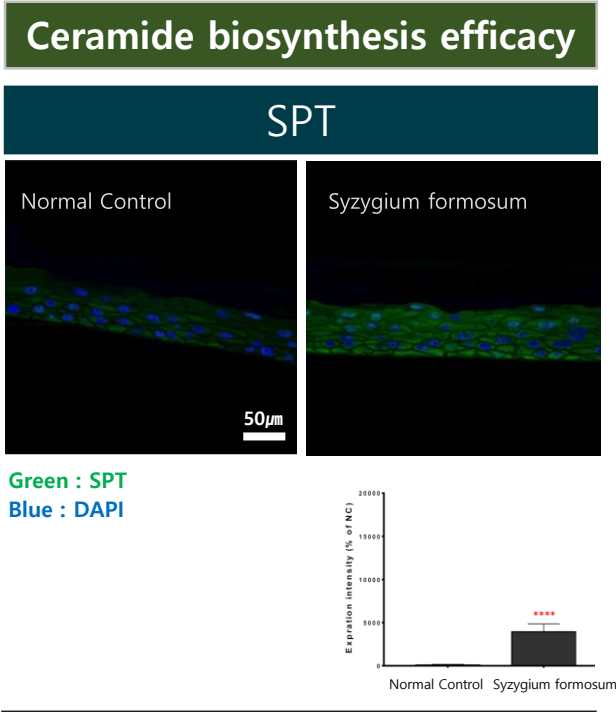

Results of efficacy evaluation using 3D skin model of *Syzygium formosum* leaf extract

Filaggrin, one of the proteins used as an indicator of skin barrier function, is significantly increased as a natural moisturizing factor that acts as keratin cell differentiation, pH control, and humectants of the epidermis

Involucrin, one of the keratinocyte-specific proteins used as an indicator of skin barrier function, is involved in the differentiation of keratinocytes in the epidermis

Main Ingredient

Anti-Aging Key substance

Inotodiol

Exclusive patented ingredients
to prevent skin aging

Anti-oxidation

Anti-aging

Skin immunity

Collagen synthesis

Hyaluronic acid synthesis

Super expensive rare ingredient with only 0.003g in 1g of chaga mushroom

An anti-aging crystal that promotes skin's self-renewal power with excellent antioxidant and anti-aging effects

Inotodiol, which is difficult to use as a cosmetic ingredient because it is not easily soluble in solvents, 40 hours 7-step special extraction method developed to develop inotodiol concentrate without deterioration of efficacy

Efficacy

- + 4-fold increase in collagen synthase
- + 2-fold increase in hyaluronic acid synthase
- + 4-fold reduction in hyaluronic acid degrading enzyme

Property

- + Skin improvement / anti-allergic patent
- + The world's first international cosmetics raw material collection (ICID registration)
- + Published papers in internationally renowned journals (SCI level)

Theraphyto Cure Lotion

Relief lotion that gently soothes irritated skin by balancing oil and moisture in the skin and maintains a balanced and comfortable skin

Soothing lotion that provides instant moisture to weakened skin and truly maintains skin balance

Key Point

A refreshing moisture soothing solution that can be used without burden on skin that needs soothing

- ① Powerful soothing effect with 1,000ppm of a plant extract complex that is superior to CICA for skin soothing and recovery.
- ② Containing 7 plant-derived antispasmodic complexes that reduce skin irritation

Complete healthy glossy skin with a formula with a well-balanced oil and water content

- ① It contains 5% macadamia seed oil that helps moisturize and improve skin texture, so it is moist and glossy.
- ② Ceramide, squalane, and betaine triple moisturizing complex with excellent moisturizing effect and strong moisturizing barrier

German Derma Test safety evaluation completed
Skin irritation test completed – non-irritation

Lotion formulation with rich moisture that lasts for a long time without feeling cramped or sticky.
It can be used as a body lotion with a refreshing texture that adheres lightly and fills in gaps.

information

Skin Type	Dry, sensitive (available for infants)	Volume	120ml
How to use	Take an appropriate amount, apply gently along the skin texture, and tap to absorb.		

Theraphyto Cure Cream

All-day intensive care cream that helps speedy skin recovery by establishing a solid skin barrier and takes care of various skin problems caused by dry and sensitive skin

A deep, rich soothing moisturizing cream that restores the broken skin barrier and protects against skin irritation.

Key Point

Special calming & soothing formula that soothes sensitive skin at once

- ① Powerful soothing effect with 3,000ppm complex of skin soothing and regenerating skin rejuvenation than CICA.
- ② Ceramide and plant-derived antispasmodic complex that fills the skin texture

Triple improvement effect of breakage barrier + soothing + moisturizing proven by human body application test

- ① Soothing skin damaged by external stimuli – 96.0% recovery compared to before and after damage
- ② Soothing skin itching – 83.0% reduction in skin itching due to dryness
- ③ Skin barrier recovery – 24.9% improvement in transepidermal water loss
- ④ Strengthen skin moisturizing power – 56.7% improvement in skin moisture content
- ⑤ 24-hour hydration – 41.2% increase in skin moisture content maintained after 24 hours

German Derma Test safety evaluation completed

Skin irritation test completed – non-irritation

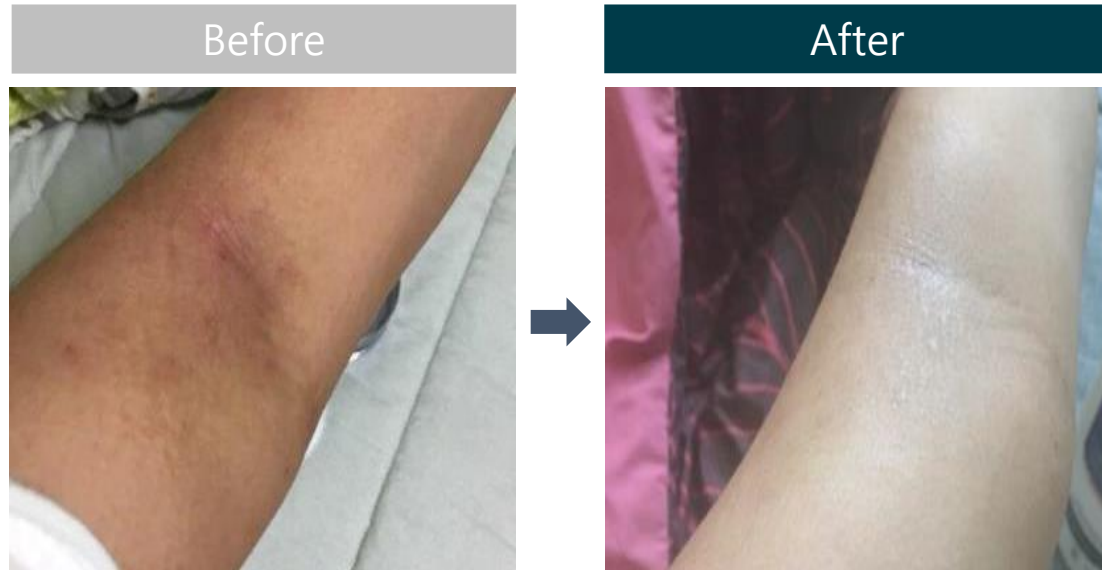

A soft moisturizing film texture that gently wraps the skin for a comfortable feel

On days when the skin is exceptionally dry and sensitive, it can be used as a highly moisturizing sleeping pack

information

Skin Type	Dry, sensitive (available for infants)	Volume	80ml
How to use	Take an appropriate amount, apply gently along the skin texture, and tap to absorb.		

Theraphyto Cure Cream Review

Theraphyto Cure Cream Review

Before

After

Before

After

Theraphyto Intensive-Cure Ointment

An intensive spot care solution that protects the golden time of skin recovery by taking care of damaged skin in the early stages

Intensive care ointment barrier cream that improves broken skin balance

Key Point

Special calming and soothing formula that calms sensitive skin at once

- ① Strong soothing effect with 3,500ppm of Syzygium formosum leaf extract, which is more calming and resilient than Cica
- ② Long lasting moisturizing barrier with 5% of ceramide and high concentration of shea butter
- ③ Contains 7 plant-derived complex that reduces skin irritation

Completed human application test for skin barrier function recovery (Helps improve itching by restoring skin barrier function)

- ① Skin barrier recovery – 39.6% improvement in transepidermal water loss
- ② Strengthen skin moisturizing power – 20.5% improvement in skin moisture content
- ③ Soothing skin itching – 56.7% improvement in skin itching

German Derma Test safety evaluation completed

Skin irritation test completed – non-irritation

Highly concentrated ointment type cream with deep nutrition

Soft application that does not burden the skin and smooth finish without stickiness

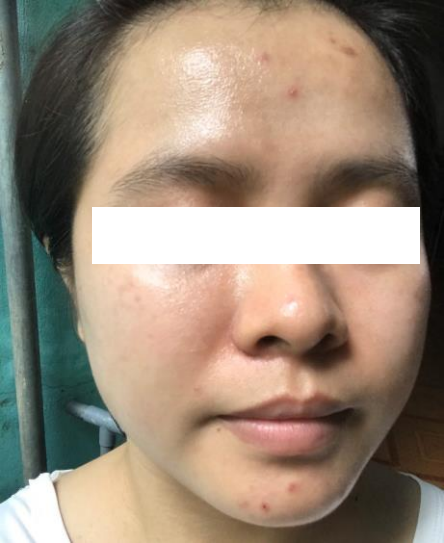

information

Skin type	Dry, sensitive skin (available for infants)	Volume	30ml
How to use	Apply a small amount to areas with severe dryness or need intensive care and let them absorb.		

Theraphyto Intensive-Cure Ointment Test Results

Theraphyto Intensive-Cure Ointment Test Results

Before	After	Before	After
			
			

Theraphyto Cure Lip care

A daily moisturizing lip balm that protects fragile lips from external stimuli and improves the condition of the lips with deep moisturizing and nourishment.

Lip cream that soothes rough lips softly and moistly

Key Point

Provides continuous nutrition to thin and dry lips, improving them to moist and soft lips

- ① Containing the skin soothing and regenerating power of the skin rejuvenation, and quick soothing effect by containing the extract of the plant leaves.
- ② Containing a triple moisturizing complex of panthenol, squalane, and shea butter to form a long-lasting moisturizing barrier
- ③ Contains 7 plant-derived antispasmodic complexes that reduce skin irritation

It is convenient to apply as a tube container with an obliquely cut discharge port
More hygienic than regular stick type products

German Derma Test safety evaluation completed
Skin irritation test completed – non-irritation

A cream-type lip balm that permeates dry lips without stickiness

A firm yet soft cream texture that seeps in smoothly without any shininess

information

Skin type	All skin (available for infants)	Volume	10ml
How to use	Apply whenever your lips feel dry.		

Theraphyto Mild Sun Cream

A refreshing moisturizing sun cream that soothes and protects skin irritated by UV rays and external stimuli

Hypoallergenic mild sunscreen that can be used by men and women of all ages with a comfortable application

Key Point

Moisture and barrier calming care for sensitive skin that is comfortable like you put on moisturizing cream

- ① The hydrating base formula of 7-layered hyaluronic acid gives you a moist feeling
- ② It has a faster calming effect by containing *Syzygium formosum* leaf extract, which has better skin soothing and resilience than Cica
- ③ Double moisturizing layers of ceramide and panthenol strengthen repeated skin barriers

A smart sunscreen that soothes irritation and even cares for skin tone.

- ① Soothing skin irritation caused by ultraviolet rays – 21.4% improvement
- ② Skin soothing – 9.3% improvement
- ③ Skin tone – 3.3% improvement

It won't leave a white residue. It's a fresh moisturizing cream

It has a light finish with a moisturizing base that absorbs comfortably and smoothly into the skin

information

Skin Type	All	Volume	50ml
Function	Anti-UV, Brightening	Release date	2023.05
How to use	In the last step of skin care, spread it evenly on areas that are susceptible to ultraviolet rays such as the face and neck.		

Theraphyto Cream Mist

A high moisturizing mist that soothes the skin with the rich nutritional energy of the cream

Fog spray, high moisturizing cream mist that corrects the disorganized skin balance anytime, anywhere

Key Point

Moisture for a short time No! Moisturizing mist that stays moisturized for a long time

- ① It has a faster calming effect by containing *Syzygium formosum* leaf extract, which has better skin soothing and resilience than Cica
- ② Panthenol, which turns into vitamin B5, balances the skin, protects the barrier, and fills up the moisture
- ③ Hyaluronic acid and allantoin provide cool moisture inside and outside dry skin
- ④ Moisturizing film formation with 7 skin-friendly vegetable oils maintained for a long time

Easy-to-carry 80ml compact size for anytime, anywhere use

It spreads evenly on the skin at a wide angle, and even if you spray it on top of your makeup, it doesn't dump and collapse

Skin irritation test completed – determination of non-irritation

A milky soft cream & water formulation that looks like a melted cream

It provides a moist glow without greasiness and a light but full moisturizing feeling without stickiness

information

Skin Type	All Skin (Available for infants)	Volume	80ml
How to use	After shaking lightly before use, close your eyes and spray evenly over the entire face for absorption.		

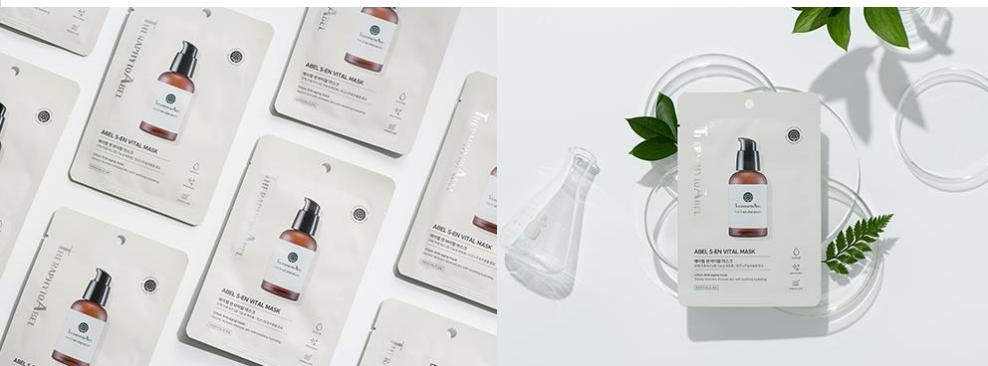

Daily care routine with **THERAPHYTO**

USE TIP	
TIP 01	Theraphyto Cream Mist can be used as a substitute for toner as the first step after washing your face. Spray it frequently whenever it feels dry to replenish moisture.
TIP 02	For particularly dry or troubled areas, apply Theraphyto Intensive-Cure Ointment for intensive spot care.

Abel S-en Vital Mask

Intensive vitality recharge whitening/wrinkle improvement double functional anti-aging mask pack that revitalizes tired skin with refreshing and quick moisture supply

A highly functional anti-aging mask pack for clear, firm, glowing skin without irritation

Key Point

Special care that finishes moisture hydration + brightening care + wrinkle improvement + soothing care in one sheet

- ① Niacinamide ingredient provides clean skin tone and bright skin radiance
- ④ Adenosine component improves elastic skin lines and skin wrinkles for firm skin care
- ③ Relieve repeated skin dryness with the double moisturizing layering of panthenol and hyaluronic acid that strengthen the skin's moisture barrier
- ④ *Syzygium formosum* leaf extract with excellent antioxidant power cares for clear and clean skin without skin irritation

Whitening/wrinkle improvement dual functional cosmetics certified by the Ministry of Food and Drug Safety
Skin irritation test completed – non-irritation

The soft sheet closely adheres to the curves of the skin and effectively delivers active ingredients.

Provides rich nutrition to rough skin due to loss of moisture to keep it more vibrant

The hydrating, bouncy serum formula is absorbed into the skin without stickiness, giving a refreshing finish.

information

Skin type	All skin type	Volume	25ml
Function	Brightening and wrinkle improvement	Release date	2021.03
How to use	After attaching this product to the skin and removing it after 10-20 minutes, lightly tap the remaining essence on the skin to absorb it.		

Theraphytoabel Relaxa Repair Boosting Toner

A conditioning toner that boosts the repair effect of the next step by boosting the skin condition to balance the imbalanced skin.

Repair boosting toner that creates a healthy skin environment with the antioxidant energy of inotodiol

Key Point

The antioxidant energy of Inotodiol purifies the skin and improves skin condition to complete the vitality of the skin.

- ① Contains inotodiol, a powerful rare ingredient of chaga mushroom that helps in the production of collagen and hyaluronic acid
- ② Contains inotodiol, which helps collagen production, and amino acid (betaine) synthesized from collagen, resulting in a synergistic effect on elasticity

Gently wipes away dead skin cells with full moisture, prepares smooth skin texture, and maintains moisture balance

- ① Containing deep sea water, rich minerals maintain skin moisture balance
- ② Panthenol-Allantoin contains double moisturizing ingredients

Syzygium formosum leaf extract, which is superior in skin soothing and restorative power to Cica, delicately cares for tired skin from external stimuli.

Immediate skin moisture content test – 49.5% improved immediately after 1 time use

Skin irritation test – No irritation

The clear and fresh water texture gently penetrates into the skin and is comfortably absorbed into the skin without stickiness.

information

Skin type	All skin	Volume	210ml
Function	-	Release date	2023.01
How to use	After cleansing, take an appropriate amount at the first step of skin care, apply gently along the skin texture, and tap lightly to absorb.		

Theraphytoabel Relaxa Repair Ampoule

An intensive repair ampoule that boosts the skin's latent ability to bring out the texture and luster of the skin and gives the skin a clear, resilient radiance.

A highly moisturizing anti-aging ampoule that restores clear and transparent young skin with the antioxidant power of Inotodiol.

Key Point

Highly concentrated inotodiol, which increases skin penetration, boosts potential skin capabilities and gives skin its natural elasticity glow

① Contains an inotodiol inclusion complex that uses proprietary technology and raw materials to increase skin penetration and absorption

② *Syzygium formosum* leaf extract, which calms and recovers skin more than Cica, delicately cares for skin tired of external irritation

Transparent glowing skin with moisture elasticity that fills the inside with quick elasticity boosting complex

① It contains hyaluronic acid to keep the skin dry, increase the volume of the skin, and smooth the rough skin texture.

② Provitamin B5 (panthenol) protects skin barrier and forms a solid moisture coating

Dark skin tone(spots and freckles) + smooth and hydrated clear skin with improved skin texture

① Clear and transparent skin tone – 3% improvement in skin melanin

② Smooth skin texture – 48.4% improvement in skin texture damaged by external stimuli

③ 73.2% improvement in soothing skin irritation damaged by external irritation

Ministry of Food and Drug Safety's notification Brightening / Wrinkle Improvement Double Functional Cosmetics Skin Stimulation Test Completed – No irritation

The sticky and sticky texture makes the skin firm and gives it an elastic face line.

information

Skin Type	All skin	Volume	50ml
Function	Winkle care / Brightening	Release date	2023.06
How to use	In the serum step, drop an appropriate amount on the skin, apply gently along the skin texture, and tap lightly to absorb.		

Theraphytoabel Relaxa Repair Moist Cream

Moisture elasticity repair cream with a light yet nutritious texture that gently melts into the skin.
Moisturizing cream that calms skin stress and replenishes elasticity by filling it with refreshing moisture and full nutrition.

Key Point

- Moisturizing and elasticity cream with high concentration of inotodiol that gives dry skin moisture and elasticity**
- ① Contains inotodiol, a powerful rare ingredient in chaga mushrooms that helps produce collagen and hyaluronic acid.
 - ② *Syzygium formosum* tree leaf extract, which is more soothing and resilient than Cica, delicately takes care of skin tired of external irritation.
- Transparent glowing skin with moisture elasticity that fills the inside with quick elasticity boosting complex**
- ① It contains hyaluronic acid to keep the skin dry, increase the volume of the skin, and smooth the rough skin texture.
 - ② Provitamin B5 (panthenol) protects skin barrier and forms a solid moisture coating
- Triple moisturizing effect from calming to immediate hydration, external moisturizing, and internal moisturizing**
- ① Immediate moisture filling – 27.3% improvement in moisture content immediately
 - ② after use immediate 15.7% improvement in moisture distribution
 - ③ 59.6% improvement in moisture content (outer moisture) in the stratum corneum
 - ④ 18.5% improvement in moisture content in deep skin (2.5mm)
 - ⑤ 66.2% improvement in soothing skin irritation damaged by external irritation

Ministry of Food and Drug Safety's notification Brightening / Wrinkle Improvement Double Functional Cosmetics Skin Stimulation Test Completed – No Stimulation Decision
The dense, firm moisture and thin, smooth texture provide smooth and moist skin

information

Skin Type	All skin	Volume	80ml
Function	Wrinkle care / Brightening	Release Date	2023.01
How to use	At the last step of skin care, take an appropriate amount, apply gently along the skin texture, and tap lightly to absorb.		

Threaphytoabel Relaxa Repair Cream

Special anti-aging care for skin texture/barrier strengthening/inner drying/elasticity with Inotodiol that helps create collagen & hyaluronic acid

Intensive damage improvement repair solution developed through joint research with dermatologists

Key Point

A total anti-aging cream that intensively cares for signs of aging with Inotodiol, which helps in the production of collagen & hyaluronic acid.

- ① Contains inotodiol, a powerful rare ingredient of chaga mushroom that helps in the production of collagen and hyaluronic acid
- ② Gensophyte leaf extract, which has better skin soothing and restorative powers than Cica, delicately cares for tired skin from external stimuli.
- ③ Contains ceramide, shea butter, and squalane triple moisturizing complex that prevents dryness inside with a solid moisturizing barrier

Amazing anti-aging effect proven by 7 clinical trials

- ① Dense skin from the inside – 34.1% improvement in dermal density
- ② Skin barrier recovery – 13.4% improvement in transepidermal water loss
- ③ Thin and saggy skin lifting – 35.4% improvement in skin thickness
- ④ Soothing skin itching – 44.2% improvement in skin itching
- ⑤ Increased skin elasticity – 25.4% improvement in average of 3 types of skin elasticity
- ⑥ Reinforcement of skin moisturizing power – 56.7% improvement in skin moisture content
- ⑦ Moisturizing lasts for 24 hours – maintains 79% increase in skin moisture content after 24 hours

Whitening/wrinkle improvement dual functional cosmetics certified by the Ministry of Food and Drug Safety

Contains niacinamide and adenosine, functional ingredients notified by the Ministry of Food and Drug Safety, to make the skin shiny and elastic.

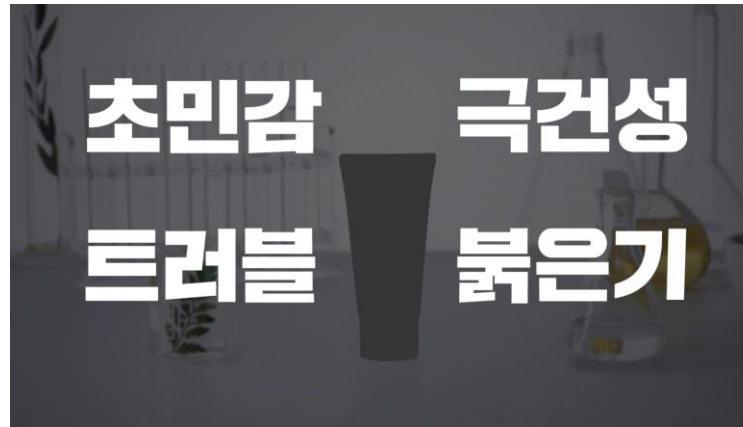

Skin irritation test completed – non-irritation

information			
Skin Type	All skin	Volume	50ml
Function	Brightening and wrinkle improvement	Release date	2022.05
How to use	Take an appropriate amount, apply gently along the skin texture, and tap to absorb. Can be used as a night cream.
