

GINGER6

Gift from God, Ginger

01. Ginger Story

Gift from God, Ginger

Ginger 6

Ginger is an excellent ingredient for the body and skin and is referred to as a "Gift from God's" in Ayurveda, an ancient book in India.

It is widely known that the Chinese saint Confucius ate it at every meal to keep the body warm.

If you look at the Diary of Royal secretariat and the annals of the Joseon dynasty, you can see that Joseon kings used ginger a lot for their health.

02. Why Ginger

Why we choose Ginger as a main ingredient?

Ginger 6

Ginger, in general, is an anti-oxidant that helps suppress active oxygen, an aging factor, and has excellent skin sedation, which helps to maintain a healthy skin texture.

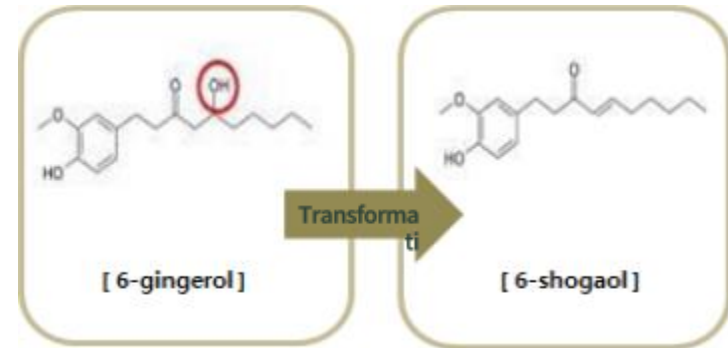

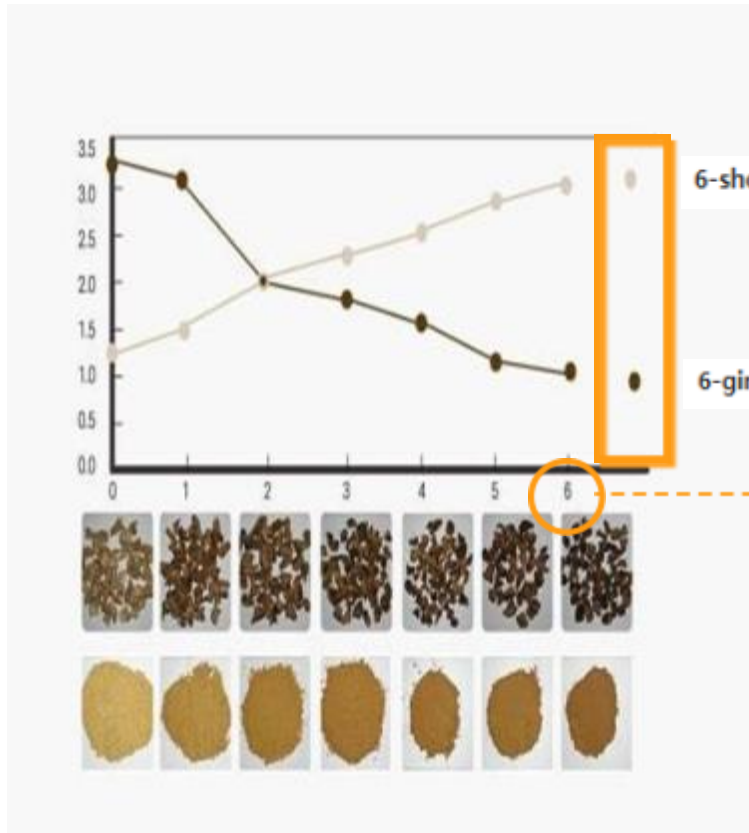

India and China understand the function of ginger and have been using it since ancient times, and it has been known to work in Spain and England through Santiago. That's why we were able to reach all the way to Africa and the Americas very quickly.

Ginger 6 is a six-times process that steams ginger and dries it, and the Ginger Roll content is gradually reduced. The 6-shogaol content increases to provide a skin whitening function.

03. Why Ginger6 Reason Why brand name is Ginger6

Ginger 6

We steam and dry ginger ***6 times*** before extracting it. Through this process, the ingredient ***6-Shogaol*** which has ***Brightening & anti-oxidant properties*** increases while 6-gingerol decreases.

In addition, Unique smell and spicy taste of ginger can be removed through this process.

This process is the same as Korea ginseng production

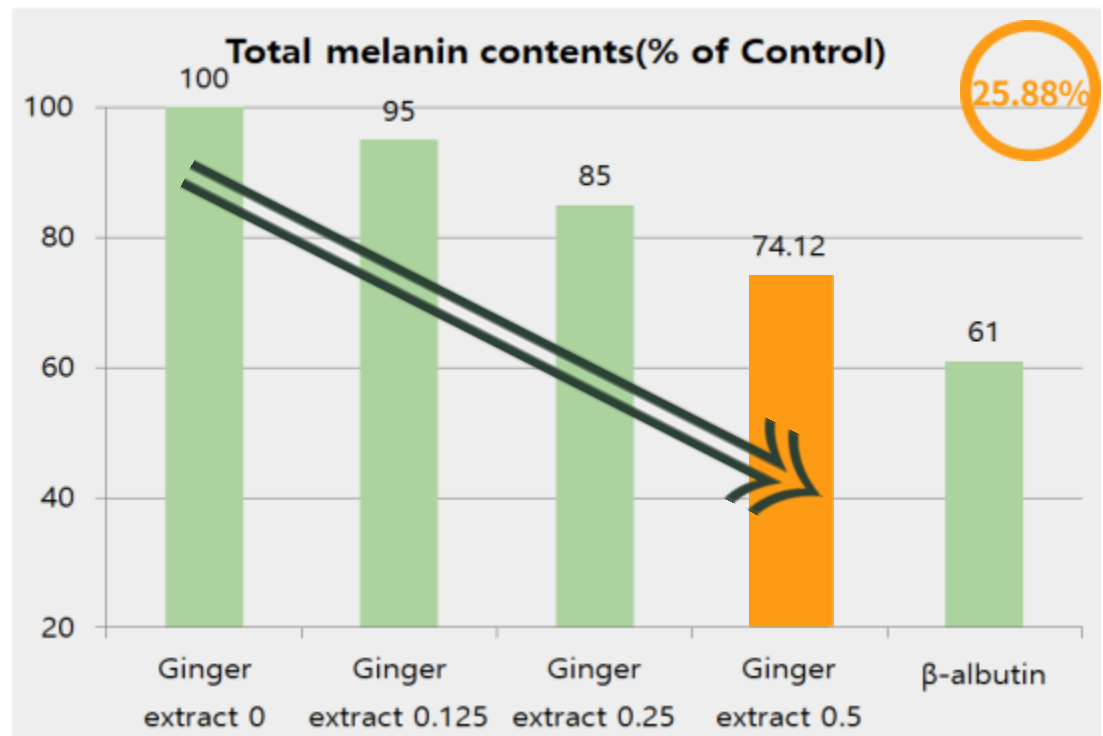

*Korea Patent # 10-1145073

04. what makes Ginger6 different? Inhibition of melanogenesis Ginger 6

Test Result Summary	
TITLE	Melanogenesis inhibition test of "Ginger6-Ginger extract water"
INSTITUTE	Korea Dermatology Research Institute
PERIOD	Jan. 18, 2021 ~ Mar. 05, 2021
Sample Form	Usual
Test Period	Jan. 18, 2021 ~ Feb. 26, 2021
Number of Subjects	3 times
Treatment	Dilute the sample to a non-toxic concentration and treat it into the rats
TEST METHOD	1. Test method a. Treatment of test samples after cell-culture b. Measurement of extracellular melanin production c. Measurement of intracellular melanin production Cell: B16-F10 melanoma cell
TEST RESULT	As a result of the test, it was confirmed that the "Ginger6-Ginger extract water" provided by HANAMDA Co., Ltd. did not affect the survival of B16-F10 cells at a concentration of 2% or less. As a result of testing the effect on melanogenesis, in the case of "Ginger6-Ginger extract water" sample, it inhibited intracellular melanin production at a statistically significant level (p<0.05) in the 0.5 % concentration treatment group, and showed 25.88 % inhibition rate of intracellular/extracellular melanogenesis. In conclusion, the "Ginger6-Ginger extract water" provided by HANAMDA Co., Ltd. was confirmed to inhibit total melanin production, so it is determined to have whitening effect.
CHECK	Research Director Lee, Donghwan
Attached document	RAW Data

More than 70% of the cosmetic component is water. Ginger6 has in-vitro test results for our ginger extract water.

As a result of testing the effect on melanogenesis, it was found that in the case of "ginger6" ginger water samples. It showed **25.88%** inhibition rate of intracellular/extracellular melanogenesis at 0.5% treatment concentration group.

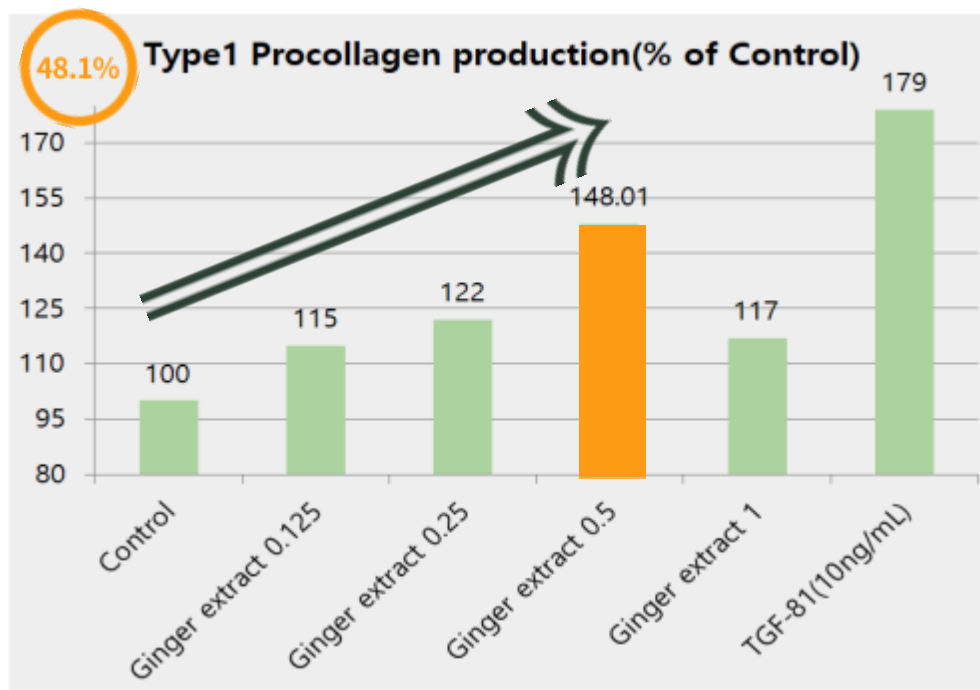

Source : Korea Dermatology Research Institute (Invitro test for Ginger6 ginger extract)

04. what makes Ginger6 different? Collagen production Ginger 6

More than 70% of the cosmetic component is water.
Ginger6 has in-vitro test results for our ginger extract water.

As a result of testing the effect on the production of type1 collagen, In particular, with treating "ginger6" ginger water samples at 0.5% concentration, it was found to promote the production of Type 1 Procollagen at **48.1%** compared to untreated groups.

Source : Korea Dermatology Research Institute
(In vitro test for Ginger6 ginger extract)

KDRS No. 2020-108		Assessment of Effect on Type 1 Procollagen		
Test Result Summary				
TITLE	Type 1 Procollagen production measurement Test of "Ginger6 Ginger extract water"			
INSTITUTE	Korea Dermatology Research Institute	PERIOD	Jan. 18, 2021 ~ Mar. 05, 2021	
TEST METHOD	Sample Form	Liquid		
	Test Period	Jan. 18, 2021 ~ Feb. 26, 2021	Number of Subjects	3 times
	Treatment	Dilute the sample to a non-toxic concentration and treat it into the cells		
Detail on Test Method	<ol style="list-style-type: none"> 1. Incubate the human fibroblast, CCD-825Le, in a 24well plate at 134°C for 24 hours 2. After 24 hours, perform starvation with serum free medium for more than 8 hours. 3. Dilute the sample by concentration with serum free medium and treat it. As a positive control, TGF-β1 was used. 4. After 48 hours of sample treatment, the culture medium is collected and the ELISA (EMMA, MCK70) experiment is performed according to the protocol. 			
TEST RESULT	<p>As a result of the test, it was confirmed that the "Ginger6 Ginger extract water" provided by HANMUNA Co., Ltd. did not affect the survival of CCD-825Le cells at a concentration of 1% or less.</p> <p>As a result of testing the effect on the production of Type 1 collagen, in the case of "Ginger6" ginger extract water", it increased Type 1 procollagen production at a statistically significant level (p<0.05) in the range of 0.125 to 0.5% concentration. In the particular, treatment with "Ginger6" ginger extract water" at a concentration of 0.5% promoted 48.01% type 1 procollagen production compared to the untreated group.</p> <p>In conclusion, "Ginger6" ginger extract water" provided by HANMUNA Co., Ltd. has the effect of promoting type 1 procollagen production at a concentration of 0.125 to 0.5%.</p>

Key ingredients

GINGER6 HAND CREAM

Ginger extract
[Antioxidant]

Ginger extract is oxidative and not only exfoliates, reduces but also softens skin texture.

Fermented oil
[Moisturizing]

It is combined with the moisture on the surface of the skin to help keep the skin hydrated.

Fermented butter
[Nourishing]

Nourishes butter and fermented water helps nourish skin.

8 kinds of vegetable oils and natural extracts
[skin calming/moisturizing]

8 kinds of vegetable oils and natural extracts help to calm and moisturize the skin. They also help to improve the skin's barrier function and reduce inflammation.

8 Hyaluronic acid
[moisturizing]

macromolecule, 1000 molecules of small molecule. Full and keep moisture into the skin.

Bound water complex
[Nourishing/strengthening of skin barrier]

It contains amino acids, amino acids, proteins, phospholipids, and peptides to help nourish skin and strengthen skin barrier.

• Above is only for your material explanation.

GINGER6 HAND CREAM

RECOMMENDATION FOR THOSE PEOPLE

- Person who have dry and cracked hand
- Person who want to have soft, smooth and moisturizing hand
- Anyone looking for a hand cream that is not sticky and maintain moisturizing

Certifications

Use it with confidence on my skin

05. Ambient Fragrance of Ginger6 For a wonderful day Ginger6 Ginger 6

People In the medieval aristocratic society believed that the beauty and their own fragrance were essential to make them stand out more.

The golden ginger water and the charming Ginger floral fragrance was chosen by women.

These special, Ginger floral fragrances and golden water will make you more special.

06. Certificate of Patent

1) Certificate of patent (Patent Number 10-1145073)
(Patent Number 10-2176033)

We have a patent for the cosmetic ingredient for brightening using ginger and its manufacturing process.

Among the ingredients of ginger, we manufacture cosmetic products using patented ginger extract which is good for skin.

Just like red ginseng has healthier ingredients compared with regular ginseng, We have steamed ginger 6 times and extracted it 3 times to maximize the effect of the ginger ingredient for skin.

Ginger extract is used as the basic water for all ginger 6 products.

06. Certificate of Patent

2) Patent Number 10 -1560526

(특허 제 10 -1560526 호)

3) Patent Number 10 - 0863618
